Monday-Friday: 8:00 am-5:00 pm

Executive Assistant – Mike Di Raddo (Heritage)
Administrative Assistant – Anne St Pierre

The Riverside Teachers’ Union represents the teachers of the Riverside School Board and is consulted by the board when they need the opinion of teachers. The purpose of our Union is the protection and advancement of the professional, social, and economic welfare of the teachers of the Riverside School Board.

We oversee the terms of the Collective Agreement and ensure that the rights of the teachers are respected. Union dues pay for negotiation and administration of the Collective Agreement, expenses incurred through union related activities, and the office and salaries of the people working for you to protect your rights and answer your questions.

See the section on Salary Classification (p. 39)
The Role of the Syndical Delegate

The syndical delegate is a key member of the teacher union movement. This structure helps the school system function smoothly by giving teachers a necessary voice in its operation.

The RTU has regular delegates’ meetings once a month, historically on the second or third Wednesday, currently at Heritage Regional High School. At these meetings delegates receive the latest information from the various committees of the RTU and QPAT as well as updates on items such as negotiations. This is also the opportunity for delegates to share concerns of a general nature and recommend certain actions.

Syndical delegates are a primary source of members to serve on the various committees of the RTU and QPAT. These committees give members an opportunity for first-hand input on issues that affect teachers. Syndical delegates are also, by right, members of their School Councils. This is an opportunity to demonstrate leadership abilities. A detailed knowledge of the collective agreements is not a requirement to becoming a delegate.

What does the job require?

- Attend the monthly meetings of the Delegates' Council.
- As a follow-up to the Delegates' meeting, report to your staff after the meeting.
- Bring concerns and input from your staff to the Delegates' Council.
- Be a member of your school council.
- In a discipline case involving a teacher in your school, you may be required to act as an observer that certain procedures were followed.
- Receive mail and distribute and collect documents from the RTU Office and QPAT to your staff.
- Conduct elections and referendums in your school as the cases arise.
- Be a member of the Hygiene, Health, and Safety Committee.

What are the benefits?

- The opportunity to meet concerned educators from other schools on a regular basis.
• Travel, child-care, a dinner allowance, and other expenses to attend meetings are paid.
• The chance to participate in a weekend workshop.
• A banquet at the end of the year in recognition of your efforts on behalf of your fellow teachers.
• A chance to demonstrate leadership abilities.

Resources available:

• The RTU Delegates Handbook
• The RTU School Council Guide
• The RTU Office (465-2523)
• The Collective Agreement (Provincial Entente)
• The Local Agreement
• The RTU (www.rtu-ser.com) and QPAT (www.qpat-apeq.qc.ca) websites
**Your Pay Slip**

1. **Pay Period:**  
   For regular employees only. Days paid for supply teachers will appear in the column "Description".

2. **No. Days paid:**  
   For regular employees, the number of work days will also appear in the "units" column. This is normally 10.

3. **Vacation Bank:**  
   This does not apply to teachers.

4. **Sick Bank:**  
   Balance of moneyable sick days for the current school year.

5. **Total Taxable:**  
   Total taxable earnings.

6. **Total non-taxable:**  
   Total non-taxable earnings.

7. **Federal tax:**  
   Salary tax as per Federal Tax tables.

8. **Provincial tax:**  
   Salary tax as per Provincial Tax tables.

9. **Q.P.P.:**  
   Exemption = $134.62 / pay ($3500 / year)  
   Employee Contribution = 5.325% (2016)  
   Maximum contribution = $2737.05 / year (2016)
ex. (total taxable minus exemption) x 5.325% = contribution per pay

10. Employment Insurance: 1.52% of total taxable. Max per year = $772.16 (2016)

11. QPIP: 0.548% of total taxable. Maximum per year = $391.82 (2016)

13. Union: Dues deducted as per union regulations. (RTU = 0.67% of earnings, QPAT = fee of $383/year)

14. Code: Payment codes start with 1 to 4 Deduction codes start with 5 to 9

15. Units: See "No. Days paid" item #2.

16. Rate: Base salary/260 Deductions are base salary/200 Other rates may apply for Emergency Sub, Adult Ed, etc.

17. Description: Explains individual items. Absences are first deducted and then reimbursed if banks of days permit. Balances of moneyable and non-moneyable banks of days from previous years appear here.

18. Misc. deductions: (beside no. 13) Insurances: deducted as per options chosen by the employee over 26 pays.

Canada Savings Bonds: Deducted over a period of 26 pays starting at the beginning of November and ending at the end of November.

Strathcona Credit Union Deductions: As per option chosen by employee.

FTQ: As per option chosen by employee.

Weekly Workload Limits for Full-time Teachers – Clause 8.6.00

For an elementary specialist with 26 or 27 different groups per week, the maximum time for A is 1140 mins/wk, for B 1290 mins; with more than 27 groups these maximums become 1110 & 1260 mins respectively. (8.7.04)
Calculation of Workload

A  teaching + supervision of student activities within student timetable  
   +
B  homeroom + rotational supervision  
   + encadrement + remediation  
   +
C  professional obligations + 1 + 2  
   + recess* + travelling time i  
   + Personal work

1  A maximum of 25 min/day if required by the school administration (8-6.06 Section II)
2  Non-assigned periods (spares) may be counted in presence time.
   * unless the teacher agrees otherwise
   i itinerant teachers (8-6.06 Section I (g))

Points to Remember:

• A teacher must be given sufficient notice of any change in the 27 hours, to allow the teacher to be present.
• If the change is permanent, the teacher must be consulted and failing agreement, the notice must be at least 5 days.
• For information regarding staff meetings, parent-teacher interviews, or Open House, please see the local agreement (chapter 8-8.05 section III).
• Preschool and Elementary teachers should have at least one 30-minute period per day for preparations (Local Agreement 8-11.03).
• Teachers should approach any alternative workload arrangements with caution. Consult the RTU office, as there are rules and procedures to be followed.
### Deadlines

The following are significant deadlines which occur annually. For those related to annual staffing and surplus procedures, see the Assignment and Transfer section.

</tbody>
</table>

When special education students are integrated into a regular class, it may be necessary to apply certain weighting factors to calculate the class size. If the special education students are classified as pupils with behavioral difficulties, they must be weighted when calculating class size.

All other categories of special education students are weighted only if no support services are given to the teacher or if the board decides to weight them as well as giving support services. The weighting formula is found in Annex XIX

When a special education class contains more than one category of special education student, the maximum and average for this class are calculated in accordance with Annex XVIII.
In all cases, the identification of special education students is done in accordance with the categories and definitions in Annex XXXI.

**Primary Combined Classes**

For these classes, compensation for exceeding the class size begins at the average in place of the maximum class size. When there are different averages applicable to the class, then the smallest average is used (8-4.06 g).

The other rules which govern the formation of split classes are set forth in clause 8-4.06.

**Technical-Vocational Classes**

The applicable class size maximums and averages are listed in clause 13-15.05. The maximums apply to the individual classes. The averages apply to the school board as a whole.

When special education students are integrated into a technical-vocational class, it may be necessary to apply certain weighting factors to calculate the class size. The special education students are weighted only if no support services are given or if the board decides to weight them as well as giving support services.

When a technical-vocational teacher teaches a complementary course which is part of the regular secondary program, the class sizes in clause 8-4.04 apply.

**Exceeding the Maximums**

The board may exceed the maximums only for one or other of the following reasons:

- the lack of premises in the school (board),
- the limited number of groups in the school,
- the lack of qualified available personnel, or
- the geographical location of the school.

**Compensation for Oversized Classes**
A teacher who teaches a group of pupils which on or after October 15th exceeds the maximum, is entitled to monetary compensation applicable as of the date on which the excess situation began. The amount is calculated according to the formula in Annex XXI. The calculation is done by a computer program based on the description of the class. The teacher may ask for a copy of this description.

If an excess no longer exists on October 15th, then no compensation is due.

**Assignment & Transfer – Clause 5-21.00**

**Definitions:**

a) The teaching portion of an assignment is the category or sub-category to which a teacher is assigned for the major part of his/her teaching schedule in a given school.

b) A voluntary re-assignment is a change of assignment within the school as requested by either the school administration or the teacher and mutually agreed.

c) A compulsory re-assignment is a change of assignment within the school as given by the school administration. Notice of compulsory re-assignment is to be given, in writing, by the school administration to the teacher, stating the reasons.

d) A voluntary transfer is a mutually agreed transfer from a school as requested by either the teacher or the board.

e) A compulsory transfer is a transfer necessitated by one of the following:

1) by exception and as a solution to a particular circumstance as determined by the board in consultation with the union; or

2) a drop in the number of students receiving instruction in the category or sub-category according to the regroupment plan to which the teacher is attached. No teacher shall be transferred for this reason after October 15th.
The teacher shall be notified, in writing that he/she is subject to a compulsory transfer.

**General Principle:**

Where possible, the school administration and the board shall combine partial assignments within a school and part-time posts in different schools (5-21.11).

**Information:**

The RTU will receive all the necessary information and documents.

**A. Steps to be followed in the case of the total or partial closure of a school, including the rezoning of school boundaries. These only apply if the pupils concerned are transferred to another school within the board.**

Before February 7

1. The board identifies the schools to be totally or partially closed and the receiving schools, as well as the number and level of the students being moved (5-3.09c).

2. The board determines the number and type of posts based upon the movement of students (5-3.09d).

3. The board posts a list of these posts in the schools to be totally or partially closed (5-3.09e).

During the remainder of February

4. Within five working days, the teachers in these schools shall inform the school administration of their preferences, using a copy of the form in Annex "E" (5-3.09f).

5. The board transfers the teachers respecting the following principles:
a) teachers shall be transferred from the school sending the pupils to the school receiving the pupils;

b) teachers shall be transferred according to preferences and seniority;

c) if too few apply for a particular school, the teachers shall be transferred by inverse seniority after taking into account those who stated a preference for the said school and the assignment criteria (5-3.09g).

6. The board may reassign or transfer two or more teachers to another category or sub-category or to another receiving school if each teacher's preference and the requirements of the post are respected (5-3.09h).

Before March 1

7. The board notifies the teachers of their provisional transfer. For the purposes of declaration of surplus, they are now on the staff of the receiving school. (5-3.09i, j).

B. Steps to be followed each year, subsequent to those in Section A if necessary: Procedures to be followed for the declaration of surplus.

Before April 30

1. The principal, after consulting the teachers, informs the Board of staffing needs based on certain criteria. (5-3.10)

2. The board identifies provisional needs for personnel for the next school year by category or sub-category (5-3.10).

3. The board identifies excess, by inverse order of seniority, by category or sub-category. This is List 1 (5-3.11). These teachers may be placed in surplus before June 1.

4. The school administration informs School Council of provisional needs of personnel for the school. This information shall consist of the tentative list
of the number of posts (full or partial) foreseen within each category and sub-category as well as the number of vacant posts (full or partial) foreseen by category and sub-category (5-3.12, 5-21.12**).

5. The school administration determines, by category or sub-category, in inverse order of seniority, those teachers who are excess. The attempt is made to fill needs by the re-assigning of teachers in the school. This is done taking into account the assignment criteria and respecting seniority and preference. Priority is given to excess teachers except where a voluntary re-assignment permits the assigning of an excess teacher who would not otherwise be placed.

The teachers remaining excess after this process form the school excess list (5-3.13, 5-21.14).

6. The school administration informs school excess teachers in writing, that they are excess and subject to compulsory transfer to another school (5-21.15a).

7. The board posts (in each school) the list of provisional vacancies in the board (5-21.15a).

8. Within five working days of posting of the list of vacancies:

   a) Teachers, who are excess in the school, must inform the principal, in writing, of their choice of positions, using a copy of the form drawn up in Annex "F" (5-21.16a). The school administration should have copies of this form.

   b) Any other teacher (voluntary transfers) may apply for these vacancies, using the same procedure as that outlined for teachers who are excess in the school (5-21.16b).

   c) The school administration acknowledges receipt of requests from B8a and B8b by using the form Annex "F" (5-21.16c).
Before May 18

9. The board fills vacant positions with teachers, with the capacity, who are excess in the schools, or who have requested voluntary transfers. This is done by order of seniority (5-21.17).

10. Teachers, who are still in excess in a school after step B9, bump teachers in their own category or sub-category if these teachers are on List 1 (board excess list) but have not been declared excess in a school (5-3.15).

11. Teachers, who are still in excess in a school after steps B9 and B10, bump non-tenured teachers and List 1 teachers in any category or sub-category (5-3.16).

12. The board endeavours to reallocate so that teachers having greater seniority who were declared school excess receive a total assignment in one school building, according to the teacher's preferences (5-21.18).

Before June 1

13. The board notifies in writing, teachers who have been transferred to another school of their transfer (5-3.18, 5-21.20). This refers to teachers who were placed during steps B9, B10, B11 and B12.

14. The board assigns to regular substitution school excess teachers who were not on List 1 and who were not placed in a post by virtue of steps B9, B10 or B11 (5-3.19).

15. List 1 teachers, who have tenure and who do not have a post for the following school year, are placed on availability and non-tenured teachers without a post are non-reengaged for July 1. Non-tenured teachers are also non-reengaged if a teacher on availability at the board or, if referred by the Bureau, at another board, can fill the position. All are so notified by the board before June 1 (5-3.21, 5-3.22, 5-3.23).
After June 1

16. Two or more teachers may exchange their assignments and schools for the following school year, with the approval of the Director of Human Resources and the school administrations. These will be treated as voluntary transfers (5-21.23b).

During June

17. The school administration informs the teacher in writing, of the teaching portion of the assignment for the following school year (5-21.21a).

18. The board informs teachers on availability as well as those who will be on availability or assigned to regular supply as of July 1 of their provisional assignment and school (5-21.22).

Before the First Day of Class

19. A teacher transferred because of school excess, who meets the requirements of the post, shall be given the choice of returning to the former school to fill a vacancy. If two or more teachers are involved, the choice is granted by seniority (5-21.24).

No Later Than October 15

20. The board may make a compulsory transfer because of a drop in the number of students (5-21.09 b 2).

C. Changes which may take place at any time:

1. Two or more teachers, with the approval of the Director of Human Resources and the school administration, may temporarily exchange assignments for a maximum of one school year. The teachers are on loan and remain attached to their previous school and category (5-21.26).

2. A voluntary re-assignment or transfer* (5-21.08b, 5-21.09a).
3. A compulsory re-assignment after a written notice stating the reasons, given normally two weeks before the re-assignment (5-21.08c).

4. A compulsory transfer necessitated by extenuating circumstance as determined by the board in consultation with the union (5-21.04 b 1).

* If a teacher requests a voluntary transfer for the following school year, then the provisions concerning declaration of surplus must be respected (5-21.23a).

**Employment Security – Clause 5-3.00**

The employment security provisions cover only regular teachers with tenure. The operation of the system is based upon seniority and teaching category.

**What is seniority?**

Seniority is the period of continuous time that you have been in the employ of the board. It is calculated in terms of years and fractions of years. It is not the number of years in a given school or category.

**How does the board distinguish among teachers with equal seniority?**

If two or more teachers have equal seniority, years of teaching experience is used as the tie-breaker. If, after this step, there remain teachers with equal seniority, then years of schooling (scholarity) is used as the tie-breaker.

**What is a category or sub-category?**

A category or sub-category is similar to a teaching discipline; e.g. Physical Education is a category.

**How are the categories or sub-categories established?**

At the beginning of each school year, the board, after consultation with the union, establishes its categories and sub-categories for the year.

**When is there a surplus of personnel?**
A surplus exists, at the level of the board, when the total number of regular teachers, in a category or sub-category, is greater than the total number of regular teachers, in the category or sub-category, needed for the following school year.

**What happens when there is a surplus of personnel?**

The board identifies, at the level of the board, the excess number of teachers for each category or sub-category. The teachers are identified as excess according to least seniority. This is List 1.

**Are teachers who are excess in their schools automatically excess at the level of the board?**

No! Some of these teachers will not be on List 1. They will be transferred to other vacant posts or to posts that are held by someone on List 1.

When does everyone find out what his/her status will be for the next year?

Before June 1st, the board will inform the teacher concerned, in writing, of any change in status.

**N.B.** Those with tenure are placed on availability; those without tenure are non-reengaged. Availability means you are still employed and will be used in a teaching function, although there is not a teaching post for you.

**What is tenure?**

Tenure is acquired by a teacher who has taught full time for the board for two years, or who has transferred to the board under the employment security provisions.

Check the Assignment and Transfer section for more details on the procedures the board must follow.

Calendar Composition

How did we arrive at this calendar? The following is a summary of the items which must be considered and the process followed:

1. There must be 200 working days, either teaching days or pedagogical days.

2. Unless the union agrees to a change, the working year starts September 1st and ends June 30th.

3. The Board policy about the start of the year for students is that they will have a minimum of 2 school days the first week back.

4. The RTU objectives are:
   - three pedagogical days before the pupils' return
   - a two week break over the Christmas-New Year holiday time
   - a one week break in March about 10 weeks after the return from the Christmas-New Year break
   - a holiday on the 4th Monday in May
   - maximize the number of pedagogical days

5. Unless we start to have pupils return after June 24th or we return to work even earlier in August, 4 pedagogical days automatically get placed at the end of June.

6. The particular day of the week on which December 25th and January 1st fall has a significant impact on how many days must be taken in August to get the desired holiday pattern.

7. There is now a calendar committee composed of teachers, administrators and commissioners which tries to make sense of all this and recommend modalities around which the calendar is negotiated by the boards and the union.
Insurance Plans

The following is a list of the various insurance plans applicable to teachers on an automatic, compulsory or optional basis:

1. **Accidents at Work** (automatic) - Clauses 5-10.34 to 5-10.54 (code 28)

   If a teacher has an accident at work, whether it is outside (in the school yard) or inside the school, it should be reported immediately to the school office, where the appropriate CNESST forms should be available and where the correct action can be initiated for care of the injury: immediate first aid, if necessary, or arrangements for transport to a medical institution or to the teacher's home at the expense of the school board.

   In order to accompany a teacher to meet with the administration following such an accident, the delegate may temporarily interrupt his/her work without loss of salary.

   Occupational diseases are also covered by CNESST and should be reported to the School Board immediately for appropriate action.

   No deductions are made from banks of sick leave days for absences related to work related accidents and occupational diseases that are covered by CNESST benefits. Even after return to work, the teacher may attend medical appointments required by CNESST without loss of salary.

2. **Health Insurance** (compulsory)

   Group health insurance with the Industrial-Alliance ([http://ia.ca/business](http://ia.ca/business) /1-877-422-6487) is compulsory for every teacher who cannot provide proof of similar coverage under their spouse's plan.

   Brochures are available at the school board which outline the extent of the coverage under this health insurance plan.

   To change one's coverage or to join the plan when one ceases to be covered by a spouse's plan, it is necessary to complete the appropriate form, which is available at the Human Resources Dept. at the School Board.

   **Teachers who turn 65 must take prescription drug insurance with RAMQ**

   An RTU member may maintain group health insurance after retirement by becoming an associate or life member of QPAT.
3. **Life Insurance** (optional)

Industrial-Alliance provides a group life insurance plan to teachers at competitive rates. Deductions are made directly from pay cheques.

This insurance is available in units of $25,000. The first six units are at a fixed cost and a further four units are available at a cost which varies according to age. A new employee may obtain up to three units ($75,000), without medical proof of insurability.

Under this plan, teachers may also insure the lives of a spouse for $10,000 and dependent children for $5,000 each, at an additional cost.

Insurance rates vary from year to year, and are available at the union office.

4. **Salary Insurance (sick leave)** - (automatic) - clauses 5-10.15 - 5-10.33 (code 01)

Teachers receive a credit of 6 days of sick leave at the beginning of the school year. Starting 2016-2017, any remaining sick days are moneyable at the end of the school year. Banks of credit sick leave, are moneyable when you leave the service of the board, at the rate of 1/200 of annual salary per day. New teachers receive (an additional) 6 non-moneyable days.

In any year, the 6 moneyable sick leave days credited at the beginning of the year are used first before any banks of non-moneyable days are used.

For each period of disability, teachers are paid as follows:

a) Full salary for the lesser of 5 days or the days remaining to their credit. (If a teacher has fewer than 5 days, the difference is without salary.)

b) On the sixth day, 75% of salary for a period of 52 weeks from the start of the disability.

c) After 52 weeks of disability, 66 2/3% of salary for a further period of 52 weeks.
d) After 104 weeks of disability, long term disability insurance benefits as indicated below, will apply for teachers who have opted for this coverage. If a teacher has any non-moneyable days remaining to his or her credit, they can be used at 100% of salary at this point also.

A period of disability is any succession of related absences separated by no more than 7 days at work. (If the teacher were absent for three months, then a return to work of 35 consecutive days could occur before a subsequent related absence would be considered a new period of disability.)

The teacher may not be dismissed or non-reengaged for physical or mental incapacity as long as he/she is receiving benefits under the sick leave provisions of the collective agreement. Pension contributions are waived and pension credit is given at 100% of salary as long as a teacher is receiving benefits under the sick leave provisions of the collective agreement.

5. **Long-Term Disability Insurance (L.T.D.)** - (compulsory)

This salary insurance with Industrial Alliance is compulsory for most teachers. The exceptions are teachers in TPP, or in RREGOP within 2 years of retirement and part-time teachers. It provides coverage after the 104 weeks of salary insurance provided for by the collective agreement. It pays an income of 50% of the salary that would have been earned as a teacher at the point at which the L.T.D. benefits begin.

These benefits are indexed to a maximum of 5% per year. This income is non-taxable, but is reduced at the point that other disability benefits received by the teacher from other sources bring the teacher's total income to an amount in excess of 90% of what the teacher's net salary would have been.

Teacher Pension Plan coverage includes disability benefits, so that teachers with 25 years of service in T.P.P. should consider opting out of the LTD coverage. Should they become disabled after 25 years of pensionable service they would not receive much benefit from L.T.D. insurance with Industrial Alliance.
6. **Accidental Death and Dismemberment (AD&D) - optional**

This insurance is offered by Industrial-Alliance and covers accidental death and/or dismemberment.

**Leaves of Absence**

The contract provides a variety of different leaves with or without pay:

- Special Leave
- Educational Leave
- Public Office
- Syndical Leave
- Parental Leaves
  - Adoption
  - Maternity
  - Parental Responsibility
  - Paternity
  - Visits to the doctor
- Request before March 1
  - Leaves Without Pay
  - Sabbatical Leave with Deferred Salary
  - Progressive Retirement

**General Rights**

While on a leave with pay, the teacher accumulates seniority, experience and pension credit, and participates in the insurance plans, if already a member.

While on a leave without pay, the teacher accumulates seniority, retains experience, and may participate in the insurance plans by paying, in advance, all the premiums including the board’s share. The teacher may buy back pension credit upon returning to work.

**Special Leave 5-14.00**

**To whom** These leaves with pay are granted to teachers because of specified special circumstances.

**Conditions** There are a maximum of eight (8) non-cumulative, non-redeemable work days which may be used as follows:
a) In the event of a death in the immediate family, a maximum of five (5)
working days, beginning within one week of the date of the death. (code 64)

"Immediate family" means parents, parents-in-law, brothers, sisters, own or
stepchildren, spouses and grandparents; also any person who is domiciled in
the home of the teacher at the time of death.

b) In the event of the death of a brother or sister-in-law, son or daughter-in-
law, or a grandchild: the day of the funeral.

If the teacher attends the funeral of the deceased and if this takes place at a
distance of more than two hundred and forty (240) kilometres from the
employee's residence, he/she shall be entitled to take one extra day, or two
extra days if the funeral takes place more than four hundred and eighty (480)
kilometres from his/her residence. This applies to both sections a) and b).

c) the baptism or birth of the teacher's child: the day of the event.

d) an annual maximum of three (3) days for religious holidays which the
teacher is required to observe providing the teacher so informs the school
administration in writing one week prior to the event; (code 72)

e) the marriage of the teacher's parent, sibling, brother/sister-in-law or child:
the day of the event.

f) an annual maximum of three (3) days for urgent business that cannot be
conducted outside working hours; urgent business is defined as an
emergency that arises and calls for immediate action which requires that
one be absent from one's place of work. The board will grant requests under
this clause when the reason given indicates that an emergency has arisen
and that immediate action is necessary. (code 09)

g) the marriage of the teacher: (code 63)
   o a maximum of three (3) consecutive working days, including the day
   of the wedding; in this case, the absence must not immediately
   precede nor prolong the summer vacation period.
h) an annual maximum of five (5) working days to cover:

- any event considered an Act of God (disaster, fire, flood, etc.); (code 07)
- adverse weather conditions which make it impossible for the teacher to report for work; (code 32)
- the day when the teacher moves from one residence to another; (code 73)
- the day of the event for the day of teacher’s university convocation; (code 72)
- medical and dental appointments which cannot be arranged outside working hours; (code 69)
- serious illness in the immediate family. In the event that the teacher’s child is ill and does not require hospitalisation, then this provision shall apply after the teacher’s annual bank of sick leave days has been exhausted through the use of clause 5-14.06. (code 13)

In addition to the eight (8) work days allowed for the foregoing reasons, the board shall grant special leaves when the teacher:

- must sit for entrance or achievement examinations at an educational institution recognized by the MEES;
- must act as a juror or a witness in a case in which she/he is not a party; (code 30)
- is placed under quarantine by the community health department;
- at the specific request of the board, undergoes a medical examination in addition to that required by law.

Furthermore, the board may grant a special leave for any other reason it deems valid.

Teachers who have sufficient Student Teacher Money can take up to two paid days off (code ST).

**Educational Leave 5-16.00 (code 33)**

**To whom** This leave with pay may be granted to any teacher:
a) who is invited to give a lecture on educational matters or to participate in activities (seminars, pedagogical committees, conventions, symposiums, pedagogical study sessions) having to do with education, or

b) who is participating in an exchange programme with another board in Quebec, Canada or a foreign country.

**Condition**  The teacher must obtain prior approval from the school board.

**Warning**  Do not confuse this with leave obtained through the Professional Improvement Committee to attend conferences, etc.

**Advice**  Consult the RTU professional staff before approaching the board or any of its representatives.

**Parental Leave 5-13.00**

For details about these leaves, consult the *Parental Leaves* document prepared by QPAT.

**Advice**  Consult Mike Di Raddo at the RTU office before applying for maternity leave.

**Public Office 5-20.00**

**To whom**  This leave without pay is granted to a candidate for or holder of a public office (deputy, mayor, municipal councillor or alderman, school trustee or commissioner).

**Condition**  The leave is granted following a written request at least fifteen (15) days before the beginning of the leave. The leave is on a full time basis for candidates. In the case of the holder of a public office, the leave may be on a full time, part time or occasional basis.

**Return**  For candidates the leave ends at the latest eight (8) days following the election. For office holders on full time leave, thirty (30) days written notice of the return is required. Part time and occasional leaves are subject to special arrangements.

**Syndical Leave 3-6.00** (code 60)
To whom This leave with pay is granted to a teacher to conduct union business.

Condition The request must be made by the union.

Leave without Pay 5-15.00 (code 20, code 22)

To whom This leave, either full or part time, is available to regular teachers.

Conditions In general, the written request must be made prior to March 1st for the following school year. This rule is waived when the granting of the leave allows the reassignment of a regular substitute teacher, or the recall or use of a teacher on availability.

The board must grant certain requests; i.e. clauses 5-15.03, 5-15.04, 5-15.06 and may grant other requests; i.e. clauses 5-15.05, 5-15.07.

Return The teacher on leave is assumed to be returning to full service in the school year following the leave.

Renewal The board may renew any leave without pay. The request must be made before March 1st.

Warning The board has the right to fire any teacher who uses the leave for purposes other than those for which it was granted.

Sabbatical Leave with Deferred Salary 5-17.00 and Annex VII

To whom This leave with reduced pay may be granted to tenured teachers who are not on availability.

Conditions The leave is for one (1) school year according to the Riverside School Board policy.

The leave is part of a contract period during which the teacher receives a reduced salary. The length of the contract may be 3, 4 or years in the case of a 1-year leave.

Pension During the term of the contract the pension contributions will be based on the reduced salary but credit will be given for a full year at full salary.
Return  The teacher must return to work following the leave so this cannot serve as a pre-retirement leave.

Advice  Read Annex VII. Contact the RTU office before writing the board.

**Progressive Retirement 5-22.00 & Annex VIII**

*To whom*  This reduced workload is available to a regular teacher within five years of retirement.

*Condition*  The request must be made before April 1 of the year preceding the leave and the teacher must be eligible to a pension at the end of the agreement.

The teacher and the Board will enter into a contract stipulating the duration of reduced workload.

The part-time leave cannot be greater than 60%, but may vary from year to year.

Retraite Quebec (formally CARRA) must verify that the teacher will be eligible for pension at the end of the contract.

During the reduced workload the teacher will be paid according to the workload, but pension credit and pension payments will be at 100%. The advantage is that the teacher does not have to pay the employer share of the pension contribution for the period of reduced workload.

**Pensions**

The pension plan for teachers in Quebec is compulsory for teachers not receiving a pension from Retraite Quebec (formally CARRA) who are working in the public sector and who are between the ages of 18 and 71:

1. **The Government & Public Employees Retirement Plan (RREGOP)**

   This is most often referred to by its French initials: "RREGOP". All teachers who came into teaching after 01/07/1973 are automatically in this pension plan, as well as any teacher who has either transferred from the TPP or who was in the TPP and has had a break in service of more than 180 days.
**Contribution Formulas:**

In the RREGOP the contribution rate is 11.12% in excess of 35% of the maximum pensionable earnings under the QPP. (This is why your pension will be reduced at age 65 by the integration factor.)

**RREGOP - Eligibility for Pension without Reduction (until June 30, 2019)**
- With 35 years of service for eligibility regardless of age
- At age 60 regardless of years of service

**RREGOP - Eligibility for Pension without Reduction (from July 1, 2019)**
- With 35 years of service for eligibility regardless of age
- At age 61 regardless of years of service
- At 60 with 30 years of service for eligibility (new 90 factor)

**Earliest Eligibility for Pension with Actuarial Reduction**
- At age 55 with 2 years of service
- Choice of actuarially reduced or deferred pension between age 55 and 60.

**Pension Formula** - A pension is calculated by taking 2% of the average salary for the highest paid five (5) years and multiplying by the number of years of pensionable service (currently maximum 38 years of contribution).

**Example 1:** A teacher retires in June 2016 at age 62 with 25 years of contributions and an average salary of $74,500 for the best five years. Since he is over 60, there is no reduction (74,500 x 2% x 25 = $37,250).

**Example 2:** A teacher retires in June 2016 on her 58th birthday with 25 years paid in and an average salary of $74,500. Since she is under 60, she is subject to an actuarial reduction based on two years (74,500 x 2% x 25 = $37,250) but there is a 4% reduction per years (37,250 x (100% - 8%) = $34,270).

**Indexation** - Full cost of living indexation on pensions ceased on July 1, 1982 for both TPP and RREGOP, so that anyone retiring now receives less than full indexation, which is adjusted according to the number of years of service before and after July 1, 1982.
Contributions to the RREGOP are fully protected from cost of living increases for the teacher who leaves teaching before becoming eligible for a pension and awaits a deferred pension at age 65.

**Portability** - Transfer agreements with Teacher Pension Plans in other provinces are at this time being re-negotiated.

**Information regarding individual contributions** - If you wish to have a statement of your pension contributions or to query a statement already received, you may telephone or write to CARRA giving your name, address, date of birth and social insurance number.

**Public-sector pension plans (RREGOP)**

**Salary Classification**

**SALARY - Determined by years of schooling and experience**

**1. Schooling (6-1.00, 6-2.00)**

When a teacher is new to the board, the school board has thirty days from the time it has received the documentation (statement of marks, etc.) to establish provisional classification used to determine the teacher’s salary, and to pay the teacher according to it. In the fullness of time, the teacher will receive an official classification.

<table>

</table>
Reclassification (6-3.00)

To change a teacher’s recognized years of schooling, the teacher must:

- obtain thirty additional MEQ-recognized university credits by January 31;
- furnish the board with a copy of the request to the university for proof of these credits, before April 1st.

For salary purposes, reclassification will take effect as of the 101st work day of the year during which the request for reclassification is made.

2. Experience Step (6-4.00 and Annex XI)

Experience steps are recognized for the following:

- One year of teaching = one year of experience.
- Previous experience outside teaching may count for experience.
- Part-time work, teacher-by-the-lesson, and supply work counts for experience. It is converted into the equivalent number of days. The first ninety days accumulated = one year of experience for salary purposes. Thereafter, a new experience step requires 135 days. (See Annex XI for an example).

The experience step for each teacher is checked and adjusted (if necessary) once a year at the beginning of each school year.

Teacher Certification

In the unlikely event that a non-legally qualified teacher obtains a full time contract, it will terminate automatically on June 30th.

Q. How do I know if I am legally qualified?

A. You must hold a personal authorization to teach issued by the Minister of Education of Quebec in one of the following forms:

1) Teaching Diploma;
2) Provisional Teaching Authorization;
3) Teaching Permit (Probation).

Q. What is a Teaching Diploma?

A. A Teaching Diploma is the legal and permanent authorization to teach in the schools governed by the Law and by the Regulations of the Quebec Minister of Education.

Q. What is a Provisional Teaching Authorization (PTA)?

A. The Provisional Teaching Authorization is a special legal authorization to teach in the schools governed by the Law and by the Regulations of the Quebec Minister of Education and is granted under the following conditions:

1) The candidate must establish proof of his teaching qualifications under each of the three (3) following components:
   a) adjustment of the personality for teaching
   b) command of the language of instruction
   c) academic competency in the area of concentration

2) The candidate who is not a Canadian citizen must prove that he has the status of “Landed Immigrant” or that he holds a Work Permit.

3) The candidate must prove that the School Board requires his services.

4) The candidate agrees to satisfy all the conditions stipulated to obtain a Teaching Diploma.

Q. When will the Provisional Teaching Authorization be exchanged for a Teaching Diploma?

A. The Teaching Diploma will be issued when the candidate has fulfilled all the conditions stipulated for him at the time the PTA was first issued. Ordinarily, these conditions are as follows:
1) to be judged competent at the end of the probationary period;
2) to pass the Departmental Qualification Examination on the Quebec School System;
3) to furnish proof of Canadian Citizenship within a period of six (6) years from the date of issue of the first Provisional Teaching Authorization.

Q. What are these Departmental Qualification Examinations referred to in the answer given above?

A. They are written tests given for the purpose of verifying the mastery of these components of qualification and must be passed within a period not exceeding two (2) academic years, including the one when the Provisional Teaching Authorization was first issued. In case of failure, the candidate is entitled to only one supplemental examination in each test.

Q. What is a Teaching Permit?

A. The Teaching Permit is a temporary legal authorization to teach in the schools governed by the Law and by the Regulations of the Quebec Minister of Education. It is granted by Regulation No. 4 (Concerning the Teaching Permit and Diploma) to candidates who have completed a full time approved programme of teacher-training in a Quebec University and is valid for five (5) years. (See Teacher Probation System)

Q. Do you have any other advice for me concerning Certification?

A. Consult the members of the Professional Staff in your union's office at 465-2523 for additional information as required.
Committees

Here are some of the committees on which teachers serve each year:

<table>
<thead>
<tr>
<th>Clause</th>
<th>Contractual Committee</th>
<th>Role</th>
</tr>
</thead>
<tbody>
<tr>
<td>4-2.00</td>
<td>School Council</td>
<td>To advise the school administration on the operation of the school.</td>
</tr>
<tr>
<td>4-3.00</td>
<td>Educational Policies</td>
<td>To advise the board about the content of policies on topics within its mandate.</td>
</tr>
<tr>
<td>4-4.00</td>
<td>Professional Improvement</td>
<td>Responsible for the operation of the professional improvement and retraining plans. Check the P.I.C. handbook for details.</td>
</tr>
<tr>
<td>4-5.00 &amp; 8-9.03</td>
<td>Special Education</td>
<td>To advise the board on policy and services for handicapped pupils and pupils with learning or emotional problems.</td>
</tr>
<tr>
<td>8-9.05</td>
<td>Ad hoc committee</td>
<td>To advise the school administration about the classification and integration of handicapped pupils and pupils with learning or emotional problems.</td>
</tr>
<tr>
<td>10-7.00</td>
<td>Hygiene, Health &amp; Safety</td>
<td>To deal with procedures and problems concerning health and safety in the school.</td>
</tr>
<tr>
<td>Annex F</td>
<td>Calendar Committee</td>
<td>To recommend calendar modalities to the board.</td>
</tr>
</tbody>
</table>

There are also teacher representatives on the Board Special Advisory Committee formed under the Education Act for children with special needs.

At the QPAT level, the RTU has representatives, by right, on the Board of Directors and the Provincial Council. RTU members also serve on several other committees established by the QPAT.

</table>
Who are we – Where do we fit?

The RTU holds the teacher bargaining certificate for the Riverside School Board teachers and is a member union of the QPAT (Quebec Provincial Association of Teachers).

The QPAT negotiates with the CPNCA (Comité Patronal de Négociation des commissions scolaires anglophone) which represents the government and QSBA (Quebec School Board Association) at the provincial level.

The QPAT is in cartel with the CEQ (Centrale des enseignant(e)s du Québec) which now includes more than just teachers and includes teachers from the CEGEPS and the private sector.

The CEQ group we have the most affinity with is the FSE (Fédération des syndicats des enseignants) the public sector teachers.
