## My Parental Rights and the Quebec Parental Insurance Plan (QPIP)

### Changes to the Parental Rights Options

The options to extend maternity, paternity, or adoption leave have changed from 5 to 4. Option a) which allowed teachers to use their bank of sick days has been removed.

Please remember that:

- Former option b) is now option a)
- Former option c) is now option b)
- Former option d) is now option c)
- Former option e) is now option d)

Each option has very specific rights and responsibilities tied to it. QPAT is working with CPNCA to ensure that teachers are not penalized if the proper option is not selected during the transition.

Please do not hesitate to contact Tina Giugovaz at RTU [tgiugovaz@rtu-ser.com](mailto:tgiugovaz@rtu-ser.com) if you have any questions or concerns for parental leaves.

### iA Dedicated line for QPAT members

iA now has a dedicated line for QPAT members. Please use this number when calling iA instead of the general line.
