Deal Accepted: What's Next?

The intersectoral and sectoral agreements have been accepted by the local unions of the Commun Front.

The new terms will not come into effect until the deal is signed. This process requires that the deal be written out and double checked by both sides with a fine tooth comb. We all know how different doing something “on March 1st” is compared to “by March 1st”!

We can expect this process to be finished and the deal signed in June or September. Pay increases and retroactive pay will occur after the deal has been signed. Retroactive pays are always 2 to 3 months after the deal is signed. RTU will keep you [apprised](#) of any dates as they are confirmed.

The Commun Front has supplied a [document](#) outlining the new intersectoral terms. Please remember that this agreement applies for multiple public sectors, so the hourly wage increase and vacation do not apply to teachers.

.....

Progressive Retirement Deadline

Applications for progressive retirement must be made by April 1st. You must provide proof, from [Retraite Quebec](#), that you are eligible for a pension in five years. [You can find the form on the RSB website](#). The seven year option is NOT yet available.

Volunteer Transfer Deadline

Applications for school transfers have a deadline of April 1st. [You can find out more information about the process on our website](#).

Where to Find RSB/RTU Deadlines

We have [a calendar with all RTU events](#) and important dates for teachers on our website. Never be surprised again!
